

# ASSESS

Your journey on the path to developing a fulfilling career begins with self-discovery. Career Services can help you assess your skills, strengths, interests, values and personality as you make decisions about the career paths you would like to explore.

Career Services offers resources and programs to help enrich your knowledge of the workplace, grow your professional network, and develop strategies for transitioning from graduate school to career.

# LAUNCH

# EXPLORE

By using Career Services' resources and programs, you can gain insight into a variety of career options, inside or outside of the academy. We can help connect you with alumni and potential employers as you explore your professional interests.

Develop a customized self-marketing strategy by working closely with Career Services. We can help you identify opportunities, learn how to network, as well as create tailored CVs, resumes, and letters.

# PURSUE
