Monday, April 14, 12 to 1:30 p.m., Friend Center-Convocation Room

A panel of women representing academia and industry will share their insights and experiences as they pursued their careers in STEM fields, as well as hiring women with STEM backgrounds. The panel will discuss the various opportunities you have to make the best impression during the job search process. They will also cover career advancement strategies.

Panel includes:
Diana H. Mitchell, Assistant Dean, The Graduate School, Princeton University; Claire Gmachl, Eugene Higgins Professor of Electrical Engineering and Vice Dean, School of Engineering and Applied Sciences, Princeton University; Jayanthi Wolf, Vaccines & Biologics Safety Assessment Therapeutic; Area Leader, Merck Research Laboratories, Merck & Co., Inc.; Norma Cappetti, Vice President, Regulatory Affairs at Ono Pharma USA, Inc.
