Dear Seniors,

As graduation day approaches, I would like to personally remind you that Career Services is here to assist you in developing or refining your post-graduation career plans. We understand that this can be both an exciting and stressful time for seniors—and we want to help you on the road to realizing your goals!

If you are seeking opportunities or are in the process of deciding which path to choose, I invite you to stop by during walk-in hours this week (or schedule an appointment with one of our career counselors some time before graduation). You can get advice, assess your strengths and skills, create a personalized strategy, and ensure that you are using all the services and resources available to you. Please note that our assistance is also available to you after graduation.

In addition, Career Services will be at the Senior Check-Out Fair on May 6, 7 & 8 at the Campus Club to administer the Post-Graduation Career Plans Survey to all graduating seniors. This survey includes questions about your post-graduation plans and your participation in other career-related activities while in school. Because we know how busy you are, we are offering a way to FAST-TRACK your way through this process and save time at Senior Check-Out. Beginning Tuesday, April 29 through Friday, May 2 you can stop by Career Services between the hours of 9:00 am and 5:00 pm to complete your survey form in advance. During this time, career counselors will be available to offer individual consultations regarding your post-graduation plans (and your job search), as well as to answer any questions you may have in completing the survey.

We hope that you are enjoying this time before graduation and look forward to seeing you soon!

Sincerely,

Pulin Sanghvi
Executive Director, Career Services

DID YOU KNOW?

According to a recent survey by the National Association of Colleges and Employers, the likelihood of a student getting a job offer increases when they use their college career center?
