Princeton Internship Programs

There are a variety of internships and programs available to Princeton students through various University offices and Princeton-affiliated programs. For more information on many of the available programs, visit [http://bit.ly/2ckzLhR](http://bit.ly/2ckzLhR) and to find other internship opportunities visit [http://princeton.joinhandshake.com](http://princeton.joinhandshake.com).

**Program name:** Andlinger Center for Energy and the Environment (ACEE) Summer Internships  
**For:** Freshmen, Sophomores, Juniors  
**Length:** Minimum of 8 weeks  
**Application deadline:** 3/9/18  
**Description:** Research related to ACEE’s mission of providing solutions to ensure our energy and environmental future.

**Program name:** Career Services - Princeternship Program (Externship during winter and/or spring recess)  
**For:** Freshmen, Sophomores, Juniors, Seniors, Grad students (spring recess session only)  
**Length:** 1-5 days for the winter session; 1 day for the spring session  
**Application deadline:** 11/7/17 for winter session; TBD for spring session  
**Description:** Experience a “day in the life” of a particular workplace with an alum as your guide. Opportunities span a range of geographic regions, industries and fields, and can be a vital part of career development. Reading Period/Intersession will be one-on-one visits with alumni. Spring recess sessions will be large-group site visits.

**Program name:** Community Based Learning Initiative (CBLI) Derian Internship  
**For:** Freshmen, Sophomores, Juniors  
**Length:** 9 weeks  
**Application deadline:** 2/14/18  
**Description:** Working with local nonprofits, students develop research projects, collect and analyze data, and share their results and conclusions, not just with their professors, but also with organizations and agencies that can make use of the information. Working with CBLI, students can do community-based research in courses, as a summer research internship, and as part of their junior paper or senior thesis.

**Program name:** German Summer Work Program  
**For:** Freshmen, Sophomores, Juniors  
**Length:** 4-10 weeks  
**Application deadline:** 11/1/17

Updated 10/11/17
Description: Students are matched with internships with leading German companies and institutions in fields such as finance, marketing, arts and culture, government, healthcare, STEM and law. Most internships require a B- grade in GER 107 or equivalent German language proficiency. Visit the Summer Work Program's website (http://german.princeton.edu/undergraduate/summer-work-program/) or contact swp@princeton.edu for more information.

Program name: Health Grand Challenge internships
For: Freshmen, Sophomores, Juniors
Length: Minimum of 8 weeks
Application deadline: 12/11/17 (first round), mid-March 2018 (second round)

Description: Support for summer international internships.

Program name: International Internships Program - Global Seminar Internships - (IIP-GS)
For: Freshmen, Sophomores, Juniors
Length: 4 weeks
Application deadline: Spring 2017
Description: For students already accepted into a Global Seminar. These experiences provide an initial introduction to a foreign work environment.

Updated 10/11/17
**Program name:** Keller Center - eLab Summer Accelerator  
**For:** Freshmen, Sophomores, Juniors, Seniors  
**Length:** 10 weeks  
**Application deadline:** 12/15/17  
**Description:** The eLab Summer Accelerator Program is a launch pad for student startups based in the Entrepreneurial Hub at 34 Chambers Street in downtown Princeton. Over a period of ten weeks student teams work intensively on their startup ideas, following a specialized entrepreneurship curriculum presented to them during a 3-day boot camp. Teams attend meetings and workshops, and receive valuable mentorship and advising through a network of Keller Center faculty, staff, seasoned entrepreneurs and technology experts, all with the goal of developing their startup ideas into viable, scalable ventures. At the end of the summer program, students participate in two demo day showcases, where they share their plans with investors, inventors, experts and others from the entrepreneurial community. See website for more info: https://kellercenter.princeton.edu/elab

**Program name:** Keller Center - Princeton Start-Up Immersion Program (PSIP- NYC)  
**For:** Undergraduate students (rising sophomores, juniors, and seniors) and Graduate students (faculty advisor approval required)  
**Length:** 10 weeks  
**Application deadline:** 12/1/17  
**Description:** For those interested in working at an early-stage start-up in NYC. Application includes completion of a "challenge" puzzle. Housing provided, expense stipend available.

**Program name:** Keller Center - Princeton Start-Up Immersion Program in Israel (PSIP-Israel)  
**For:** Undergraduate students (rising sophomores, juniors, and seniors) and Graduate students (faculty advisor approval required)  
**Length:** 10 weeks  
**Application deadline:** 12/1/17  
**Description:** Internship and academic and cultural enrichment programs, with the chance to discover the "secret sauce" behind Israel's successful startup culture. Entrepreneurial opportunities in high tech, social ventures, biotech, environmental sectors. Application includes completion of a "challenge" puzzle. Housing provided, flight and expense stipend available.

**Program name:** Keller Center - REACH (International Exchange Research Program)  
**For:** Freshmen, sophomore, and junior **engineering** students only  
**Length:** 8 weeks  
**Application deadline:** 12/15/17

Updated 10/11/17
Description: Opportunities in Hong Kong, Germany and Taiwan for eight-weeks, hands-on research internship in an international context. Participating students will be immersed in a new culture while working on a research project in their field of study. The program aims to broaden students’ perspectives and enable them to become globally minded researchers and technologists. At least 13 Princeton engineering students (excluding seniors) will be abroad to participate in this program and in exchange, Princeton will host international engineering students at Princeton during the summer.

Program name: Keller Center - Tiger Challenge  
For: Freshmen, Sophomores, Juniors, Seniors  
Length: Year-round; 10 weeks in the summer  
Application deadline: 9/26/17 (Academic Year Challenge); 12/1/2017 (Summer)  
Description: Princeton University’s Tiger Challenge is a multi-year, design thinking program in which small teams of students work in partnership with communities, and with the support of coaches and mentors, to develop innovations that address seemingly intractable societal issues. Past topics have included: affordable housing in Princeton, adolescent mental health, lead poisoning, climate action planning, and many others.

Program name: Office of International Program – Streicker International Fellows Fund  
For: Freshmen, Sophomores, Juniors  
Length: Minimum of 8 weeks  
Application deadline: Early Action 1/14/18, Regular Decision: 3/19/18  
Description: SIFF was established in early 2015 by John H. Streicker ’64 to provide undergraduate students the opportunity to carry out substantive research or educational projects while immersed in a foreign culture. Fellows design their own projects or internships in conjunction with a hosting organization, in any academic or professional area, and in any geographic region outside of the U.S. These projects or internships provide students with opportunities for intellectual and personal growth through a combination of work or research and immersion in a foreign culture. Up to twelve students are accepted and awards typically range between $4,000 and $6,000.

Program name: Office of Undergraduate Research - ReMatch+  
For: Freshmen, Sophomores  
Length: 9 weeks  
Application deadline: 2/5/18  
Description: A research-mentoring program designed to connect undergraduate students and graduate students. The program provides an opportunity to carry out a paid graduate-mentored research project over the summer.
**Program name:** Office of Undergraduate Research – Student Initiated Internships (OURSIP)  
**For:** Freshmen, Sophomores, Juniors  
**Length:** Minimum of 8 weeks  
**Application deadline:** Priority deadline: 3/1/18  
**Description:** OURSIP provides a limited number of grants to Princeton freshmen, sophomores, and juniors who have independently created or secured unpaid faculty-mentored research internships for a minimum of 8 weeks during the summer.

**Program name:** Pace Center - Guggenheim Internships in Criminal Justice  
**For:** Freshmen, Sophomores, Juniors  
**Length:** 8-10 weeks  
**Application deadline:** February 2018  
**Description:** For students to develop a real-world understanding of legal issues in criminal justice, to learn about policy innovations and to consider future careers or further education in fields related to criminal justice.

**Program name:** Pace Center - John C. Bogle '51 Fellows in Civic Service (Internship)  
**For:** Freshmen  
**Length:** Year-long (Spring 2018 through Fall 2018)  
**Application deadline:** February 2018  
**Description:** The John C. Bogle ’51 Fellows in Civic Service program (Bogle Fellowship) is a funded opportunity available exclusively to Princeton first-year students and was developed to support student participation in service or civic engagement pursuits during the summer before sophomore year. Bogle Fellows design their own summer internship or project in collaboration with a host partner. Internships must be a minimum of eight weeks and take place in the United States. Up to 20 first year students will be granted awards of $4,500 each. Bogle Fellows can develop internships around any area of interest, as long as the internship is service or civic engagement oriented and takes place in the United States. All Bogle Fellows are eligible to be Service Focus Scholars, go to [focus.princeton.edu](http://focus.princeton.edu) for more details about Service Focus.

**Program name:** Princeton Environmental Institute (PEI) Internship Program  
**For:** Freshmen, Sophomores, Juniors  
**Length:** 8-12 consecutive weeks, full-time  
**Application deadline:** 01/12/18 priority deadline; 03/27/18 final deadline  
**Description:** Mentored assignments with Princeton faculty and other qualified hosts. Focus is on global environmental issues including climate science, energy alternatives, water, health, biodiversity, conservation, ocean biogeochemistry and sustainability. Many involve field research, including international destinations.
**Program name:** Princeton Environmental Institute (PEI) Student-Initiated Internships  
**For:** Sophomores, Juniors  
**Length:** Minimum of 8 consecutive weeks, full-time  
**Application deadline:** 3/6/18  
**Description:** Funding to support mentored projects with an environmental focus. To qualify, applicants must have held a PEI established internship or similarly rigorous experience previously.

**Program name:** Princeton in Asia (PiA)  
**For:** Freshmen, Sophomores, Juniors  
**Length:** 8 weeks  
**Application deadline:** 12/6/2017  
**Description:** In addition to post-grad year-long fellowships, PiA offers summer internship opportunities in the fields of education, journalism, and international development (NGOs).

**Program name:** Princeton Internships in Civic Service (PICS)  
**For:** Freshmen, Sophomores, Juniors  
**Length:** 8-10 weeks  
**Application deadline:** 12/8/17  
**Description:** Paid opportunities to explore careers in public service and the non-profit sector with alumni as partners. The internships encompass a wide range of endeavors in national and international organizations, working in group advocacy, legal services, public policy, the environment, health and social services, community development, education, and the arts.

**Program name:** Woodrow Wilson School - Scholars in the Nation’s Service (SINSI) Internship  
**For:** Sophomores and Juniors who have interest in being a SINSI scholar  
**Length:** 8-10 weeks  
**Application deadline:** 10/20/17 by 12:00 PM  
**Description:** Through the generosity of donors, SINSI is able to offer funding for summer internships with the federal government to provide students with direct experience in public service, either domestically or abroad. Must be a U.S. citizen, have identified an area of US government work that is of particular interest and be able to successfully complete a background investigation and meet security and other requirements for work in the federal government.
